

- Toolless
- Slim line 5.25" drive bay
- 200W TFX power supply included
- Low-profile expansion slot
- Space saving

The new **FI-03B**, strikes a perfect balance between volumes and standards so that based on the dimensions of 265mm x 90mm x 270mm, the **FI-03B** is designed for the **mini ITX** form factor and can be combined with a wide variety of motherboards. Equipped with a powerful and 85% efficient, **250W TFX** power supply (**GPF-250P**) which comes with a very silent running fan, the **FI-03B** is not limited to the **VIA C7** or **Intel Atom** boards but can accommodate high-performance ITX boards with powerful desktop CPUs as well, even processors with a TDP of up to 65 watts under full load.
