Key Features

1. Three additional vertical expansion slots allow you to install your graphics card at a vertical position.
2. Includes a GPU bracket that keeps your graphics card stable and prevents it from sagging.
3. Supports E-ATX motherboards for maximum performance.
4. Comes equipped with six rubber cable grommets and two cable passthrough tubes (includes two additional tubes) for efficient cable management.
5. Includes a 6-port hub to connect your fans.
6. X-shaped RGB LED front panel design delivers a dynamic yet elegant flair to your gaming setup.
7. Addressable RGB can be controlled using any of two ways: LED control button or ARGB motherboard.
8. Air vents in the front panel allow for increased air flow and circulation.
9. Full tempered glass side panel to showcase the inside of your rig.
