

ANTLION AUDIO

## MODMIC UNI FLEXIBLE PERFORMANCE

The flexible ModMic Uni is the ultimate in multi-device attachable microphones thanks to the 3.5mm termination. Simply add the ModMic to any pair of headphones and create the ultimate communications and audio platform.

ModMic Uni features newly engineered internal and external components, including a new noise-canceling mic capsule and new interference shielding to create the clearest analog microphone of its class.

## THE ORIGINAL ATTACHMENT MICROPHONE
