SUREFIRE

LAPTOP STAND WITH RGB LIGHTING

Adjustable viewing angles, multiple height levels, 2 phone holders, foldable legs and RGB lighting, the Portus gaming laptop stand positions everything where you need it for optimum game play.

STRONG AND STABLE

Made from high quality ABS and metal, the Portus can support laptops up to 10kg (22lbs) and 10-17.3 inches in size.

The two mobile phone holders at the back of the stand allows easy access to your comms.

PLAY IN COMFORT

You can easily adjust the position of your laptop, Mac or tablet to ease you through those long gaming sessions. Foldable stand legs let you raise the platform for the perfect eye line while providing storage space for the keyboard and mouse underneath. No more neck stiffness, eye strain, back or shoulder pain.

COOL RGB

Attach the Portus to a USB port and get 6 different LED light modes – plenty of options to set the perfect mood for the game.
