THE FINAL TOUCH TO YOUR SETUP

The Coiled Cable from Cooler Master adds one final touch of cool to your setup. USB-A to USB-C nylon cable allows for universal keyboard connectivity — reinforced and braided for durability and flexibility, while the fancy coil makes for convenient, clean cable management. In addition, we've integrated a detachable metal aviator connector for that little extra accent and solid connection. Functional and luxurious, the Coiled Cable is the accessory that truly ties everything together.

FEATURES

- **Flexible, Durable Reinforced Nylon** — Premium feel for maximum durability and clean cable management

- **5-Pin Detachable Aviator Connector** — Metal for that extra accent, a more reliable connection, and 300% more cred on keyboard subreddits

- **Universal Compatibility –** Type-C connection will work with most keyboards – the perfect addition to your collection of keyboards.

- **Double-Sleeved Cable –** The Cable is made with a double-sleeved process which make it more beautiful and solid.
