

Product Highlights:

- High-speed, Class 10 performance--leverages UHS-I (U1 or U3 depending on capacity) technology for a read transfer speed up to 95MB/s¹
- Capture high quality images and stunning 1080p Full-HD, 3D, and 4K UHD video²
- High-speed file transfer from card to computer to dramatically accelerate workflow
- Limited-lifetime warranty (For Americas ONLY)
- 10-year limited warranty (For regions OUTSIDE of the Americas)

Capacities:

SDHC
32GB

SDXC
64GB
128GB
256GB

High-speed performance you can trust

Designed for your mid-range DSLR, HD camcorder, 3D camera, Lexar® High-Performance 633x SDHC™/SDXC™ UHS-I cards BLUE Series let you quickly capture, and transfer high-quality photos of stunning 1080p Full-HD, 3D, and 4K UHD video², with read speeds of up to 95MB/s¹. These Class 10 cards leverage UHS-I technology to deliver high-speed performance. And when using a USB 3.0 card reader, you'll power through post-production with high-speed card-to-computer file transfer. This dramatically accelerates workflow from start to finish, so you can save time and get back to the business of photography.

Capture adventures in 1080p Full-HD, 3D, and 4K UHD video. Calling all adventure seekers! Make the most of your adventures in the great outdoors by leveraging the power and performance of these cards. So, whether you're using a mid-range DSLR, HD camcorder, or 3D camera, you'll be able to leverage the latest photo and video features available for shooting high-quality images and stunning 1080p Full-HD, 3D, and 4K UHD video².

Capture extended lengths of video with high-capacity options. With growing video capabilities, you need high-performance cards you can rely on, and high-capacity options to keep you shooting longer without changing cards.

Save time dramatically accelerated workflow. The high-speed performance of Lexar High-Performance 633x SDHC/SDXC UHS-I cards dramatically accelerate your workflow from start to finish, so you can save time and get back to the business of photography.

Get more from your device. The cards are speed rated at Class 10, and leverage UHS-I technology to deliver a transfer speed up to 95MB/s¹, these high-capacity cards give you the speed and space you need to capture, transfer, and share more adventures on the go.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 25 years, Lexar has been a trusted leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, solid-state drives and DRAM. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores. For more information or support, visit www.lexar.com.

¹ Up to 95MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary. X=150KB/s.

² 4K UHD video Based on 64GB, 128GB, 256GB capacities only.

Lexar is not liable for any loss of data or images.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory. Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
